

A physician-led movement

As part of a global movement, Evolve is a flagship initiative led by physicians and the Royal Australasian College of Physicians (RACP) to drive high-value, high-quality care in Australia and New Zealand.

Evolve is a founding member of Choosing Wisely in Australia and New Zealand, with all Evolve 'Top-Five' recommendations part of the Choosing Wisely campaign.

Evolve aims to reduce low-value care by supporting physicians to:

- be leaders in changing clinical behaviour for better patient care
- make better decisions, and
- make better use of resources.

The Evolve initiative is a partnership between the RACP and Specialties, to identify their 'Top 5' clinical practices that, in particular circumstances, may:

- be overused
- provide little or no benefit, or
- cause unnecessary harm.

By implementing Evolve, together we can:

- enhance the safety and quality of healthcare
- free up resources to provide patients with the tests, treatment or procedure they do need, and
- contribute to reducing the carbon footprint of the healthcare system.

Don't forget you may be able to claim CPD credits for Evolve activities, check the MyCPD Framework.
